#### Supporting Statement

I can confirm that the information published here is accurate

Signature:

A handwritten signature in black ink, appearing to read 'J. Bradburn', is written over a light grey background.

Date: 18 March 2021

Position: Chief Executive Officer

#### Supporting Narrative

Nationally 78% of the primary school workforce are female. Within SSET, and the sector generally, lower paid positions (cleaners, lunchtime supervisors, teaching assistants) are traditionally female dominant; which has an impact on the overall gender pay gap. These categories of staff are paid in accordance with the Sheffield City Council Local Government pay scales. The pay gap narrows if considering on a quartile basis. Variances will partly be related to the impact of career breaks and part-time hours on career progression. SSET remains committed to equal pay and ensuring equality of progression for all employees, irrespective of gender or part-time hours.
